

*Matt Mann
Coach of Swimming*

The weather for the first few days of practice was cold and rainy, but the water was heated. The dressing rooms were neat and well taken care of (by women attendants, much to the embarrassment of our boys).

The competition was keen and the field large and varied. Each event required heats, semi-finals, and finals. In some of the events there were as many as 45 nations entered. We raced at 8:30 in the morning and again at 8:00 that same evening. We had a splendid group of boys, cooperative and eager and able, as the results showed.

Every Olympic record was shattered during the progress of the meet. The US team won six out of eight swimming and diving events and lost the other two by a whisker. France, with contestants in every one of the final swimming events, was always a threat. Japan qualified many men but failed to win any gold medals for the first time in years. Hungary, South Africa, Australia, England, Russia, Czechoslovakia and Brazil (a newcomer) all showed capable performers and reached the finals.

There isn't any doubt that the most thrilling final on the program was the 800-meters relay in which our four boys—Moore, Woolsey, Konno, and McLane—did a tremendous job of beating a crack Japanese team which had been preparing for this race for many years. I congratulate these boys, all of them.

The Finns did a great job of organizing this big affair, and it was BIG! The facilities were excellent. The pool was fifty meters long with separate diving facilities, and the surroundings were beautifully landscaped with comfortable seating arrangements. The people of

*Michael Peppe
Coach of Diving*

Helsinki were polite, friendly, and smiling. They seemed especially fond of our American boys.

The foreign swimmers are gaining fast. Their facilities are improving consistently and the interest is increasing rapidly. It is not just one nation like Japan to whom we must look for our keen competition. We must now take cognizance of growing strength in all the Scandinavian countries, as well as England, France, Australia, South Africa, Italy, Russia, Brazil and elsewhere.

The US Olympic Committee is to be commended for their excellent job of assembling, transporting, feeding, and housing this great team. All of the coaching and managerial personnel are indeed grateful to our competitors for their splendid spirit and marvelous performances. These athletes did a great deal to overcome the feeling of animosity often felt toward our countrymen.

by way of Gander, London, Hamburg, Amsterdam, Oslo and Copenhagen. July 11 at 4:30 pm we were met at the airport and escorted to the Olympic Village, which was to be our headquarters during the time of the contests. We were assigned quarters and soon retired in order to be ready for our practice sessions which were about to begin. The following day we assembled with the entire US Olympic Team to be officially welcomed by the Finnish Organizing Committee.

Our practice sessions began July 13, and ranged from 5:00 am to 8:30 pm, being held twice daily according to the time allotted to our team. It was not uncommon to have from three to six nations practicing in the pool at the same time; and it was most interesting and instructive to observe the different styles of swimming, and hear the comments during these practice periods.

FINAL SWIMMING TRYOUTS FOR MEN

Held July 4, 5, 6, 1952, at Flushing Meadow Amphitheatre
New York, N. Y.

in this dual capacity and gave unstintingly of his time.

A great deal of credit must be given to T. Nelson Metcalf, Administration Chairman, Jim Simms of the Transportation Committee, Charles Ornstein of the Food and Housing Committee, and all other committeemen who were instrumental in adding to the comfort of the members.

The Finnish people were most cooperative and were always ready and willing to do anything for us. We were housed in the Nurses' Home, which is a large modern elevator-serviced building. Its spacious auditorium was used several times weekly to show very fine movies to the competitors.

In the short time we were in Helsinki the entire team—and this includes Ed Aspinall, Dick Papenguth and myself—grew very fond of Finland and its people, and we will always carry very pleasant memories of the 1952 Olympic Games.
